Optimizing Asset Management Practices to Mitigate the Effects of a Down Market

The Oil & Gas Journal will present a complimentary webinar optimizing asset management strategy to stay in business when the market turns down.

The webinar will be Thursday, Dec. 11, at 11 a.m. Central time.

On its website, the Journal says the oil and gas market is in constant flux, and as the price of BOE (Barrel of Oil Equivalent) goes down it is increasingly important to optimize your asset management strategy to stay afloat. Attend this webinar to learn how developing a solid asset management plan can help your company mitigate costs in any market.

Speakers will be Kevin Price, Product Director for EAM Solutions Infor, and Dwayne Maxwell Business Solutions Consultant Infor EAM.

Register for the webinar.
