Webinar: E-Signature 101 Crash Course

eSignLive by VASCO will present a **complimentary webinar** on the basics of using electronic signatures. The event will be Thursday, Dec. 8, beginning at 2 p.m. EST.

Electronic signatures are hardly a new, cutting-edge technology, eSignLive says on its website. Organizations of all sizes that are using esignatures have transformed the way they serve both internal staff and their customers and partners offering a more convenient and efficient digital experience.

This presentation will provide an overview of the basic terminology, concepts, and laws related to electronic signatures and answer the most frequently asked questions on the topic including:

- What is the difference between an electronic signature and a digital signature?
- How can you prove who e-signed?
- What legal and compliance requirements do we need to consider?
- What ROI metrics have others reported?
- What do signers need in order to e-sign?
- How do we get started? What's the cost? What's the effort?
- If you are just beginning to investigate e-signatures for your organization, or if you are new to an e-signature project team, join this discussion.

Register for the webinar.
