

Patent Prosecution and Litigation in a Post-AIA World

✖ Now that the America Invents Act (AIA) is fully in effect what does patent procurement look like and what are the options as an inventor and/or entrepreneur?

The National Institute of Standards and Technology presents a free on-demand that examines patent procurement in the post-AIA world.

Specific topics include: first inventor to file changes; micro-entity status and other fee changes; new oath or declaration requirements; the pro bono program; and the small business patent ombudsman. As well discussing the changes and strategies for getting the most out of patent applications, from the types of filings one can pursue to understanding pre vs. post issue challenges of patent applications.

Watch the on-demand webinar.
