Payment Card Industry Compliance 101: Live Interactive Webinar

 Do you have best practices in place that help you both achieve and maintain compliance with the Payment Card Industry Data Security Standard (PCI DSS)?

Nodus Technologies and Dara Security will present a free 60-minute webinar on Payment Card Industry compliance. The webinar will be Thursday, Nov. 13 at 11 a.m. Pacific time.

Integrated electronic payment specialist Fauwaz Hussain and PCI compliance expert Barry Johnson will present an overview of PCI history and requirements. They also will discuss how Nodus' PCI DSS certified solutions can help alleviate major PCI compliance challenges.

Register for the webinar.
