

Pharmacy to Pay \$3.5 Million to Resolve U.S. Claims it Helped Teva Pay Kickbacks

“A Florida-based specialty pharmacy will pay \$3.5 million to resolve allegations it served as a conduit for a Teva Pharmaceutical Industries Ltd subsidiary to pay kickbacks to Medicare patients, the U.S. Justice Department said on Thursday,” reports Nate Raymond in *Reuters’ U.S. Legal News*.

“The settlement with Advanced Care Scripts Inc was the latest to result from an industry-wide U.S. probe of drugmakers’ financial support of patient assistance charities that has resulted in nearly \$921 million in settlements.”

“Representatives for Teva and ACS did not respond to requests for comment. Teva has said it has been cooperating with the investigation since first receiving a subpoena from the U.S. Attorney’s Office in Boston in 2017.”
