Maximizing Impact of In-House Counsel Resources with Cloud-Based Matter Management

AdvoLogix will present a complimentary webinar designed to help participants learn strategies that legal teams today can employ to streamline matter intake, triage, prioritization, and assignment.

The webinar "**Maximizing Impact of In-House Counsel Resources with Cloud-Based Matter Management**" will be Wednesday, Nov. 15, 2017, 1-2 p.m Eastern time.

In-house legal teams today are hindered by the inability to embed unique legal workflows into commonly provided workplace tools, AdvoLogix says on its website. Highly paid individuals are spending too much time in email, phone calls, unproductive organizational meetings and manual document manipulation with lack of complete understanding of the impact of the work item to the business.

The webinar will cover how strategies give legal departments a clear understanding that the most critical legal issues are being worked in a priority sequence by the people with the right skills and availability. Presenters also will discuss tools that can automate workflow, informational intake, task assignment, document creation and more and also provide the metrics needed to provide insight into value delivered and effort expended by in-house counsel.
