Year-End Reality Check: The Path to Efficiency

Conga has published **an eBook** designed to help readers get clearer visibility across contracts through automating and integrating the contract lifecycle.

“Use-it-or-lose-it budgets are a fact of life, but they don’t have to derail your organization,” the company says on its website. “Your remaining dollars will go farther when everyone in your organization works smarter, more efficiently, and more diligently. Lightning-fast automation, policy enforcement, and true oversight will help you get the most out of end-of-quarter initiatives without taking on unnecessary risk.”
