# Legal Tech Guide: Choosing SharePoint or Contract Management Software

ContractWorks has published a new legal tech guide titled "Choosing SharePoint or Contract Management Software," which can be used for identifying the type of software legal teams need most based on specific business objectives.

The guide **is available** from the company's website at no charge.

It includes such information as:

- The different business problems that SharePoint and contract management software are designed to address
- Specific strengths of each type of software
- Scenarios where SharePoint and contract management software can be used together
