4th Annual Federal Judges Survey – Full Report Released

Exterro Inc., a provider of e-discovery and legal software, has released the 4th Annual Federal Judges Survey, produced in partnership with BDO Consulting and EDRM at Duke Law.

The survey report **can be downloaded** from Exterro's website at no charge.

The report is a compilation and analysis of the responses of 30 judges to questions about attorney and judicial e-discovery proficiency, recommendations for improvements, and their thoughts on how legal teams are using new e-discovery rules.

It includes:

- 33-pages of quantitative data analysis on where attorneys need to improve their e-discovery skills – and how to do so
- Op-ed commentary from judges on the practical implications of the survey results
- Access to the raw data, showcasing how the judges responded to each of the 27 questions we asked them

Download the survey report.
