Download: A GDPR Road Map for E-Discovery Professionals

Exterro has published “A GDPR Road Map” that discusses best practices and techniques for ensuring e-discovery processes are compliant with the EU’s new General Data Protection Regulation.

The complimentary report **can be downloaded** from Exterro’s website.

The report includes:

- Practical explanations of the requirements of GDPR and their implications for e-discovery
- Workflows to meet the needs of several key components of GDPR
- Change management tips organizations can use as they adapt to post-GDPR life

Download the report.
