Download: Federal Judges Discuss E-Discovery Proficiency of Legal Teams

Exterro has published part 1 of the 2018 Judges Report, which provides an in-depth examination of how the bench views these e-discovery issues: attorney proficiency, judicial competency, how to resolve e-discovery mistakes effectively.

The report, which **can be downloaded** at no charge, includes:

- 10-page report on how 30 federal judges feel about e-discovery competency in their courtrooms
- Expert insights from judges on how to solve e-discovery mistakes
- Why only 23% of the judges surveyed agreed with the statement, “The typical attorney possesses the legal and technical subject matter knowledge required to effectively counsel clients on e-discovery matters.”
