Download: Gartner’s New Analyst Report on E-Discovery

Exterro has made available a new Gartner report titled “**Defining Your E-Discovery Process Will Lower Costs and Reduce Risks**.”

The report, which discusses six recommendations Gartner has for defining e-discovery process, can be downloaded from Exterro’s website at no charge.

“The goal of e-discovery is to find important files and communication that is usually spread out across an organization’s data footprint,” according to the Gartner report. “Infrastructure and operations leaders can use these procedures to better control their information and equip themselves for legal discovery requirements while improving overall maturity.”
