Download: The Comprehensive Guide to E-Discovery Data Collections

Exterro has published an **e-discovery guide** examining must-have and new data collection best practices, which will empower a legal team to create streamlined and cost-saving data collection policies.

The guide is available for free downloading.

The guide includes:

- **19 pages** of best practices and innovative, new data collection/processing tips from e-discovery experts.
- **6 chapters** on everything you need to know about e-discovery data collections/processings.
- **1 checklist** to ensure you are creating an effective, proportional collection process.

Download the guide.
