Webcast: 6 Important Considerations When Using Office 365 for E-Discovery

Exterro will present a complimentary **webinar** examining how legal professionals are using O365 in tandem with their own e-discovery software to create a streamlined, comprehensive e-discovery program.

The online event will be Wednesday, Feb. 20, at 1 p.m. Eastern time (10 a.m. Pacific time).

Participants will learn:

- How in-house legal professionals are incorporating O365 into their e-discovery process
- Best practices for leveraging O365's e-discovery capabilities to secure and search documents without collection
- Practical considerations to remember when incorporating O365 into your broader e-discovery process

Register for the webinar.
