# Benchmark Report: Learn How Your Peers Manage Third-Party Risk

NAVEX Global has published its **2017 Third-Party Risk Management Benchmark Report** to document how practitioners are successfully conducting third-party risk management – including screening, monitoring and auditing techniques.

"Third parties can be unpredictable," the company says on its website. "When managing hundreds or even thousands of third parties, keeping an eye out for red flags may seem a herculean task. Use the report to improve your own program outcomes, stop bad behavior in its tracks, and ensure you know how to spot the warning signs."

The study, which includes information from more than 400 professionals, offers guidance on the approach to third-party risk management that organizations find most effective, how they are using outside providers to assist with third-party due diligence, if automated due diligence affects ROI, and more.
