Ethics Beyond Compliance: Diversity & Inclusion Master Class

On Tuesday, Sept. 10, 2019, NAVEX Global will host a complimentary Master Class consisting of **webinars** discussing the topic of diversity and inclusion.

Most compliance professionals know it's important to highlight "diversity and inclusion" when discussing corporate priorities with your board, executives and employees, NAVEX says on its website. But how do you really move the needle from making talking points to cultivating a truly diverse and inclusive workplace where employees feel a sense of belonging and value?

Attend this class to hear:

- Foundations for an Effective Diversity & Inclusion Program
- Going Beyond Ideology to Achieve Impact with Diversity & Inclusion
- Live Q&A with Instructors

Register for the webinars.
