Preparing for the Next Big Convergence: Smart Grids and Smart Cities

Elster Vital Connections will present a complimentary webinar on the challenges faced by utilities in meeting the evolving demands of modern communities.

The webinar will be Wednesday, Nov. 5, at 12 p.m. Eastern time.

Presenters will be Intelligent Utility Editor-in-Chief Kathleen Wolf Davis, Larry Owens from Silicon Valley Power and Ron Pate from Elster.

The webinar also will cover the technologies unfolding to meet these demands and the ways utilities can best prepare for the future and the critical role of customer collaboration and involvement.
