

Protecting Intellectual Property and Patents

✘ NY-BEST hosts a free on-demand webinar featuring three leading experts in intellectual property and patent law who provide attendees with the most up-to-date information about protecting intellectual property rights.

On its website, NU-BEST says the webinar is designed for any technology based start-up or entrepreneur or anyone else simply interested in protecting intellectual property rights.

The panel of experts discusses the implications of recent changes to U.S. patent laws, with a specific emphasis on new first inventor to file rules, new post patent grant review procedures, and litigation issues associated with America Invents Act (AIA) changes.

The webinar is sponsored by NY-BEST members Harris Beach; Heslin, Rothenberg, Farley & Mesiti; and Hoffman Warnick.
