

CLE Luncheon Presentation: Software Agreements and Audits

Scott & Scott, LLP will present a CLE luncheon event on how participants can minimize the risk of software audits and reduce settlement dollars when facing a software audit.

The complimentary event, carrying one hour of Texas CLE credit, will be Monday, Sept. 28, beginning at noon Central time. It will be in the Belo Mansion, 2101 Ross Avenue, Dallas, TX 75201. The host will be Dallas Bar Association's Computer Law Section.

The presenter will be Robert Scott, managing partner of Scott & Scott.

Topics will include:

- Importance of selecting releases of liability when negotiating software agreements or support renewals
- Best practices for software asset management
- How to successfully defend software audits

Register for the event.
