Oracle Licensing Considerations: Webinar

Oracle has recently increased its auditing efforts, and has aggressively targeted many of its customers for in-depth audits resulting in millions of dollars in financial demands.

Technology attorney Julie Machal-Fulks, Partner, Scott & Scott, LLP, will look at the legal implications of an Oracle audit in an informative webinar on Tuesday, Sept. 15 at 11 a.m. CDT.

Topics will include:

•Typical Oracle Licensing Metrics, including Unlimited License Agreements
•Oracle Audit Approaches
•Common Surprises in Oracle Audits
•Legal Implications and Minimizing Risks

Registrants who cannot watch the live webinar will receive a link to the webinar recording.
