Get Judicial Insights on 10 Key E-Discovery Cases

The number of cases demanding electronic discovery continues to escalate. With digital media and technology becoming more mainstream in both personal and private matters, in-house legal counsel face new and complex challenges of preserving and searching electronically stored data.

At the 2016 Conference on Preservation Excellence, Zapproved asked six judges to weigh in on 10 such cases in an hour. A complete **discussion summary** is available for downloading.

Their discussion dissects cases in detail and offers insights on key factors impacting trends in the e-discovery age:

- Spoliation
- E-discovery abuse
- Proportionality
- Keyword searching
- BYOD policies
