

Applications of Division Order Title Opinions in Oil and Gas Development

A free on-demand webinar posted by Steptoe & Johnson provides an overview of Division Order Title Opinions (DOTOs) and how they can be utilized, with a focus on the differences from basin to basin and customization to individual producer needs.

Presenters are Kevin W. DeHart and Kacie M. Bevers.

This webcast also covers:

- An overview of the mechanics of a DOTO
- Differences in DOTOs among different basins and producers
- Benefits of DOTOs among different basins and producers
- The role of DOTOs in reducing the risk of a given producer

Watch the on-demand webinar.
