

Sunstein Names Timothy M. Murphy PTAB Litigation Chair

Sunstein LLP is pleased to announce that firm partner Timothy M. Murphy has been named the firm's Patent Trial and Appeal Board (PTAB) litigation chair.

"We are delighted to have Tim serve as the chair of the PTAB Litigation Practice Group," said Kerry L. Timbers, Sunstein's managing partner. "Tim's experience handling appeals and other proceedings before the Patent Trial and Appeals Board along with his understanding of the process makes him an outstanding choice to lead the team and continue to provide value to our clients."

Murphy's practice focuses on developing and implementing strategies for maximizing the value of clients' patent portfolios for litigation, licensing or acquisition, and for protecting clients' key technologies and avoiding allegations of infringement. He has extensive experience with patent office litigation matters such as patent interference proceedings, inter partes review, and reexamination proceedings.

Sunstein's Patent Trial and Appeals Board practice group attorneys successfully defend and uphold contested patents before the PTAB for clients who operate businesses in the United States and internationally. Our reputation for providing practical legal guidance, litigating against patents asserted by others, and protecting and defending mission-critical patents is unmatched.
