

Progress Payments: What to Do When the Money Stops Trickling In

Insight

Faegre Baker Daniels says the contractor should look to its contract with the owner to find answers to two questions: Does the contract require the contractor to take a certain action? And, is payment "clearly due and owing?"

Consideration of Force Majeure in Construction Contracts

Article

Before entering into a construction contract, consider how force majeure events are evolving in today's world, advise Jonathan Massell and David A. Senter of Nexsen Pruet on the firm's website.
