

Importance of Licensing Technology Created While at a University

Video

One of the most critical and important contracts a startup can focus on, and do correctly, is to properly license IP from a university so that it can be commercialized going forward.

How to Avoid Compliance Gaps with Autodesk Downgrade Rights

Article

Keli Johnson Swan of Scott & Scott LLP offers a few helpful suggestions to ensure that the software remains properly licensed and in compliance with the Previous Version Rights pursuant to the subscription license agreement.
