

Mineral Leasing and Development on the Outer Continental Shelf

White Paper

An OCS lease implicates far more than the usual ‘four corners’ of the contract because lessees and their agents must navigate a labyrinth of rules and regulations to remain in compliance with their lease obligations.

Taylor Energy Executive Blames Decade-Old Oil Leak on ‘Act of God’

NEWS

A decade-old oil leak that could last for another century was caused by an “act of God” during a hurricane in the Gulf of Mexico, the president of the company responsible said Wednesday.

Resources for Innovation

Still Needed Amid Oil, Gas IT Budget Cuts

Article

When oil traded at \$100/barrel, oil companies were more focused on expanding their geographic footprint, but the decline in oil prices now has companies focusing instead on reducing costs
