

Encountering Common Technology Contracts

Insight

Corporate counsel often hire external technology lawyers to review, draft, or negotiate technology contracts such as software licensing agreements because of their ability to identify software licensing issues, resolve complex licensing models, and compare the subject deal to the many other unique technology contract structures to solve problems, according to a blog post by Kirkpatrick Law.

Federal Court: An Open-Source License Is an Enforceable Contract

News

The GNU GPL requires that anyone using GPL-licensed software to produce some other software, must provide the resulting software as open-sourced with the same license if it's released to the public, explains Quartz.

Importance of Licensing

Technology Created While at a University

Video

One of the most critical and important contracts a startup can focus on, and do correctly, is to properly license IP from a university so that it can be commercialized going forward.
