

# Encountering Common Technology Contracts

## *Insight*

Corporate counsel often hire external technology lawyers to review, draft, or negotiate technology contracts such as software licensing agreements because of their ability to identify software licensing issues, resolve complex licensing models, and compare the subject deal to the many other unique technology contract structures to solve problems, according to a blog post by Kirkpatrick Law.

## **Federal Court: An Open-Source License Is an Enforceable Contract**

### *News*

The GNU GPL requires that anyone using GPL-licensed software to produce some other software, must provide the resulting software as open-sourced with the same license if it's released to the public, explains Quartz.

## **Importance of Licensing**

# Technology Created While at a University

## *Video*

One of the most critical and important contracts a startup can focus on, and do correctly, is to properly license IP from a university so that it can be commercialized going forward.
