The 411 on Do It Yourself Patenting

The National Institute of Standards and Technology presents a free on-demand webinar processes used in securing patents.

On its website, NIST says that, given the high costs around intellectual property procurement, this webinar is focused on providing some basic tools of the trade when pursuing DIY intellectual property protection.

Experienced individuals who have endeavored in the art of “Pro Se” and learn when to seek the guidance and help of legal expertise make the presentations in the webinar.

The slide sets are available here and here.

Watch the on-demand webinar.
