

The Art of Holding Harmless: Indemnification Provisions in Supply Agreements and How They Differ from Warranty

An indemnity is a powerful risk allocation tool that deserves careful attention and a critical eye, both in terms of subject matter and administration, writes **Kathleen Wergzyn** for **Foley & Lardner's Manufacturing Industry Advisor**.

She explains that a warranty and an indemnity are two different tools serving two different purposes.

The article discusses the breadth, duty to defend, and remedies related to indemnification and warranty.
