

Trial Attorney Michael Lyons Named a Legal Trailblazer

Dallas lawyer among elite group recognized as 'agents of change' by the National Law Journal

DALLAS – Trial lawyer Michael Lyons of Dallas-based Lyons & Simmons, LLP is one of just 52 plaintiffs' attorneys honored by the National Law Journal as "agents of change" who are reshaping expectations on behalf of clients nationwide.

Lyons was selected to the publication's 2020 list of Plaintiffs' Lawyers Trailblazers based upon his groundbreaking work on behalf of clients involved in life-altering personal injury and wrongful death cases, as well as his proven record of obtaining outstanding results in high-stakes, high-exposure litigation.

Lyons was recently involved in litigation related to the worst oilfield disaster in Oklahoma history and the deadliest in the U.S. since the 2010 Macondo Deepwater Horizon blowout. The case had tremendous importance relating to best practices for oilfield drilling operations and helped bring further attention to dangerous industry practices involving well control management and monitoring.

His success on behalf of clients has earned the notice of the legal community. In addition to the 2020 Plaintiffs' Lawyers Trailblazers selection, he has also earned recognition among the Top 100 Lawyers in the Dallas-Fort Worth area by Texas Super Lawyers, as well as the Lawdragon 500 Leading Plaintiff Consumer Lawyers, Best Lawyers in America and D Magazine's Best Lawyers in Dallas. He is a member of the Million Dollar and Multi-Million Dollar Advocates Forums, as well as a member of America's Top 100 High Stakes Litigators.

The full Plaintiffs' Lawyers Trailblazers listing is featured

in a special supplement to the May 2020 print edition of the National Law Journal, and can be found ***online***.
