

Webinar: Market Uncertainty: ROI, Cost Savings & Technology

Join us for the second live webinar in our Lean Into LegalOps virtual program. This webinar will highlight practical ways for legal departments to create meaningful cost savings to strengthen and sustain their companies through these times.

Register to hear the discussion about critical questions like:

- If your legal department had to quickly find 10% savings, where could it come from?
- What process improvements can be made quickly to generate not just efficiency but also savings?
- How can you optimize existing technology or quickly implement new tools to drive savings and achieve rapid ROI?
