What You Need To Know About Contract Lifecycle Management

- Exari Systems has posted a free webinar on contract lifecycle management (CLM) and how it can help a business.

The webinar discusses what CLM really means,the common problems resulting from poor contract management practices, the key components of a comprehensive CLM solution and why they are necessary, and what to look for when deciding how to address your organization’s contract management challenges.

The speaker for the webinar is Grant Ramsey, Vice President – Global Solutions, Exari Systems.

The webinar lasts 30 minutes.
