

E-Signatures White Paper: Beyond Business Continuity

OneSpan has published a white paper titled “Beyond Business Continuity, The New Normal in Remote Banking and Insurance” and made it available for downloading at no charge. (***See the download form below.***)

The COVID-19 pandemic accelerated trends toward remote banking, digitization, and remote work as the world embraced new technologies and processes to keep our financial institutions, businesses, and society functional. Around the world, people now rely more than ever on digital solutions for interactions and transactions that have traditionally involved a visit to the branch or a face-to-face meeting with an advisor.

In this paper, we explore the top financial processes to digitize with e-signatures and digital identity verification technology – as well as key security considerations to support the rise of the digital-first financial services provider.

The new normal is here, and electronic signatures are key to continued success.

In this white paper, you will learn:

- Global regulatory responses shaping the new normal
- The top financial processes to digitize with e-signatures
- How to determine your organization’s readiness to deploy e-signatures
