Workers Compensation and the Oil and Gas Industry

National Council on Compensation Insurance offers a free on-demand webinar exploring the workers compensation implications of the fracking industry, as well as federal and state legislative and regulatory issues.

On its website, NCCI says oil and gas issues, especially hydraulic fracturing (fracking), have been receiving increased attention in the legislatures and media. Fracking is the process of enabling the extraction of natural gas from shale deep below ground.

Watch the on-demand webinar.
