

On-Demand : E-Discovery Benchmark Survey Insights Revealed

General Counsel News and Zapproved have posted a **complimentary on-demand webinar** titled “Trends in Corporate E-Discovery Data Processing: Benchmark Survey Insights Revealed.”

An expert panel will explore the trends, and discuss the results of the 2017 benchmark survey.

The event provides insights and analysis on:

- In-sourcing vs. outsourcing e-discovery projects
- Satisfaction of process with an eye on factors such as time, cost and ease
- Technology trends affecting how in-house legal teams' work evolves in 2017 and beyond

Corena Bahr

Speakers were **Brad Harris**, VP of Products, Zapproved, Inc.; **Jack Thompson**, Sr. Manager – eDiscovery & Legal Operations, Sanofi US; and **Brad Ellis**, Corporate VP of Legal Services, Physician Acquisitions, Asst General Counsel – Scripps Health.

The moderator was **Corena Bahr**, Webinar Consultant & Producer, YourWebinarGuru.

Brad Harris

Brad Harris has more than 30 years of experience in the high technology and enterprise software sectors, including assisting Fortune 1000 companies enhance their e-discovery preparedness through technology and process improvement. He is a frequent author and speaker on data preservation and e-discovery issues, including articles in *National Law Journal*, *Corporate Counsel*, *Metropolitan Corporate Counsel* and *Information Management* and presentations at leading industry events such as LegalTech New York. Prior to joining Zapproved, he led the development of electronic discovery readiness consulting efforts for Fios, Inc. from 2004 to 2009. He has held senior management positions at prominent public and privately held companies, including Hewlett-Packard, Tektronix and Merant.

Jack Thompson

Jack Thompson is a corporate eDiscovery and Legal Operations professional, specializing in the advancement of efficiency of legal technical operations and information governance. From 2001 through 2014, He was legal operations manager at Purdue Pharma LP in Stamford, CT providing services and solutions to Purdue's legal technology operations as well as leading the

company's legal analytics programs. In 2014, Thompson relocated to Atlanta, GA to work as the legal technology manager for the UPS Corporate Legal Department, followed by working as an IT Business Services Manager for The Coca Cola Company's global legal department providing technical expertise and process workflow implementations. He is currently working as the eDiscovery Manager and Legal Operations Lead for Sanofi US, located in Bridgewater, NJ.

Brad Ellis

Brad Ellis received both his Juris Doctorate and a Master of Law in Taxation from the University of San Diego School of Law. He has 25 years experience in healthcare law, and has worked at Scripps Health for the last 18 years. Prior to joining Scripps Health he was in private practice with a focus in healthcare and the banking industries. In addition to his legal duties, he is responsible for physician acquisition in a business role, and is also responsible for system-wide cybersecurity for the Scripps Health system.
